One moment youre awake  
Suddenly you find part of your mind  
Is in the world you thought you left behind  
But you were so blind  
Primal soul  
Theres no way you can control it  
Now, burning you inside  
Theres nowhere left for you to hide  
Hide from your primal soul  
And you know the moments here  
To relinquish control  
Nothing can change what you are

\* Always in you forever primal soul  
Always in you forever its out of your control  
Always in you forever primal soul  
Always and forever  
Its all you have now

Cry free me from this curse  
Fight it while you can  
You know in time  
Its getting worse and worse  
Every moment this is torture in your heart  
You know you never want to hurt them  
Shes walking down the street  
She looks so young and innocent  
How could you waster her life?  
And now you know the truth is  
Youll never be satisfied  
Nothing can change what you are

Repeat \*

Dont look  
Close your eyes  
Dont hear  
When she cries  
Dont feel  
Any pain  
Tears fall

Down like rain

Always in you forever  
Always in you forever primal soul  
Always in you forever  
Always in you forever primal soul  
Always in you forever everywhere you go  
Always in you forever primal soul  
Always in you forever everywhere you go  
Always in you forever primal soul  
Always in you forever everywhere you go  
Always in you forever primal soul  
Always in you forever everywhere you go  
Always in you forever primal soul  
Always in you forever  
Primal soul  
Primal soul  
Primal soul
