The strangest girl Ive ever known
How did you get this heart of stone?
Theres only so much I can tolerate, now ever time I get
the phone
I hear that other voice another piece in the puzzle

Youve got to tell me what you want
Just say the word and Ill be gone
You keep expecting me to read your mind, but I dont
know whats going on
And even if I did I wouldnt give you the pleasure

* Stop spinning me in circles
Youre playing roulette with my heart
(Im spinning round)
Stop spinning me in circles
Dont break my heart

You know I could never live without you

You tell me Im the only one
Next thing I know youve up and gone
I should expect it after all this time
But I dont want to jump the gun
Your way of loves a crime and it will come back to
haunt you

You never think of tomorrow, tomorrow
You never save a penny up for a rainy day
You spend your time just causing me sorrow
Youre so full of bad karma
Its like a wall building up around you

Stop spinning me in circles
Youre playing roulette with my heart
Stop spinning me in circles
Dont break my heart
You know I could never live without you

Repeat *

You know I just want to be with you
