It's like an open file
Spreading out, burning higher
It's a game, you know the name
Still it goes the same

Like a guiding angel
White in white, plain essential
For my life, for my mind
Still so much to find

I love you more than I can say
A little bit more each day
Hey, I love you
A little bit more each day

I love you
A little bit more each day

It's like a giant cyclone
From a breeze we raised it to storm
And the rain was followed by
Royal in the sky

And it's like every hour
Without you is ache and sorrow
It's a game, you know the name
Still it goes the same

I love you more than I can say
A little bit more each day
Hey, I love you
A little bit more each day

I love you
A little bit more each day

I love you more than I can say
Before and after
I love you more than I can say
A little bit more each day

Hey, I love you

A little bit more each day
I love you
A little bit more each day

Hey, I love you
A little bit more each day
I love you
A little bit more each day
