Listen brothers and sisters  
I know that you cry  
There is you and no others  
And damn you know why

Do you know what I mean?  
Do you know what I mean?

Hey what do you do?  
Follow me and let your love fly free  
Hold on let's get it done  
Follow me and let your love fly free  
Let your love fly free

Do you feel when it's calling?  
Or suffer in pain?  
Did you ever try to face it  
And call it by name?

Do you feel what you feel?  
Really feel what you feel?

Hey you what do you do?  
Follow me and let your love fly free  
Hold on let's get it done  
Follow me and let your love fly free  
Let your love fly free, let your love fly free

Let your love fly free

Hey you what do you do?  
Follow me and let your love fly free

Hey you what do you do?  
Follow me and let your love fly free  
Hold on let's get it done  
Follow me and let your love fly free

Hey you what do you do?  
Follow me and let your love fly free  
Hold on let's get it done  
Follow me and let your love fly free

Let your love fly free

Let your love fly free
