

Andi Deris "Patient"

Visit "[Patient](#)" on MotoLyrics.com

(Strong education)
I live now and today
(Securitisation)
And I'm willing to pay
(Future prospects and expectations)
Just spare the words you want to say

(Your social order)
Yeah, I got to stand up
(Ethical border)
And I got to get out
(Economical deep, keep your head above water)
Just call me unreasonably proud

Don't wanna be patient
I don't wanna hide
I want to run wild
Don't wanna be patient
Will not be patient

Let me just fly
One time only try
Don't wanna be patient
Will not be patient
No more, no more

(Working condition)
I've a dream in my head
(Name and position)
That's why some call me mad
(Color of skin, religion and mission)
When I feel good, some make it bad

(Political sides)
When visions are gone
(Your family ties)
We waited too long
(Favorite temptation and sexual wise)
We die but once we were strong

Don't wanna be patient
I don't wanna hide

I want to run wild
Don't wanna be patient
Will not be patient

Let me just fly
One time only try
Don't wanna be patient
Will not be patient

No more, no more patient, no more

I don't wanna hide
I want to run wild
Don't wanna be patient
Will not be patient

Let me just fly
One time only try
(Don't wanna be patient)
Don't wanna be patient
(Will not be patient)
Will not be patient, patient, patient

No more, no more
No, no, no more patient
