VERSE 1:

What if I was Jessie James
Or had one of them outlaw names
Could you handle my Wild West games
Living on the run

What if we were bonnie and clyde
With tommy guns running from the blue lights
And loving living on the wild side
Just for fun

CHORUS

Would you drive my get away car
Chasing dreams like a couple young hearts
Hiding out underneath the stars
Would you drive my get away car (x2)

VERSE 2:

This towns just a little black dot
A quiet place that time forgot
One light and a four way stop
On a two lane road

What if we hit the gas
Runaway and never look back
Hey what ya think about a fall like that
Baby I wanna know

CHORUS

Would you drive my...
Would you drive my getaway car
Chasing dreams like a couple young hearts
Hiding out underneath the stars
Would you drive my getaway car
