Close your eyes (close your eyes),  
Take a deep breath (Ahhh! )  
Open your heart (open your heart), and whisper  
I love you, I love you  
Tell me you love me (you love me)  
Tell me you love me (you love me), you love me  
You love me, you love me

Hold me tight (hold me tight),  
Don't say goodnight (don't say goodnight)  
We've had time (lots of time)  
Everything's alright (everything's gonna be alright)  
Just hold me darling, never let me go  
Darling and tell me (and tell me) you love me  
You love me, you love me, you love me

Oh no, no (oh no, no)  
Even though (even though)  
This is not the way I want it to be  
But if you (but if you)  
Go to pretend (got to pretend)  
That's alright with me

Close your eyes (close your eyes),  
Take a deep breath (Ahhh! )  
Open your heart (open your heart), and whisper  
I love you, I love you  
Hold me, darling, never let me go  
Darling and tell me (and tell me) you love me  
I love you, darling  
With all my heart and soul
