[The original "Cosmic Keys To My Creations & Times"]
[by Samoth & Ihsahn. Re-written by S.W. Krupp]

I have seen the secrets
Of creation and time
The key is to be found
In a deterministic principle.
I used the key
Of fourth dimension
And I found that
Time is movement.
One can turn direction
Of the omnicalculation
Then all mathematics
Are possible to reverse.
I have seen the secrets
To the nature of life
Life is pattern, repetition.
