Promise me,
A lifetime of love and laughter.
Promise me,
Happiness is what you're after,
And this my darling I will promise you,
For every kiss you give me,
I'll give two.

Promise me,
You'll do your best to make this last forever.
Promise me,
We can spend a lifetime together.
And this my darling I will promise you,
For every year you give,
I'll give you two.

Because of _____ disillusions,
And relationships filled with confusion,
And hopes that end in sad conclusions.
Oh yeah, Oh yeah (Promise me)
Oh yeah (Promise me)
Ooo Ooo Ooooo Ooo Ooooo

Promise me, (Promise me)
Give me your word and I'll never doubt you.
Run to my arms. (Promise me)
They were made to wrap about you.
And this my darling I will promise you,
For every step you make,
I'll make two.

[To Fadeout]
Promise me, (Promise me)
Give me your word and I'll never doubt you.
Ohhhh love, (Promise me)
I won't want to stay here without you.
Oooooooooo~!~!
