Verse 1: Foreshadow

Â

If the gridlock didn't have Tupac in it, I ain't about that  
business, of  
Being a pitstop, LA is a parkingÂ lot, on the 405 route,  
will have you assed  
Like nudist, traffic makes you ruthless, Â I'm about sip  
on 6 Kaluas, then  
Beat a girl's cheeks, all over her car seats, mines well  
get a nut, before  
I nut up on a driver, cause a major accident in a truck  
full of minors, I  
Ain't civic, I'm a nigga in a chevy, chain heavy,  
laughing at the the  
Tourists, not knowing that the Getty is closed, we the  
jam with the  
Stadiest flows, nigga, turn off your whip, before your  
water hose bust!

Verse 2: Kornbread

"Making moves in the city of saraphim, the block is  
stand  
Still, they dropped the anvil. The picture of the scene  
looks gray  
Like ansil. Swearing Adams ave, mash the i-10, kush in  
the air is  
Thick minds on cloud 10. The drive is in my vein so the  
rides like  
Heroin. Mastering the flight pattern I am an aerosmith.  
The view is  
Birds eye the vision transcends my mind is o.t my  
bodies in traffic.  
The shottys on deck if these niggas get active. So just  
ride slow and  
Relax while the amps knock, it's like a parking lot still  
the hustle  
Can't stop.

Verse 3: Japetto

We grind all day hustle all night. 24-7Â wishing for a  
better life. If you  
Think you have a chance then go ahead and roll the  
dice.Â You wanna live out  
Your dream but you gotta pay the price. Taste the  
devils pie step up and  
Get a slice. Trapped in the streets living like parasites.  
You took away  
The jobs and layed off the teachers. Now tell me how  
we suppose to raise  
Our future leaders. When it's time to ask questions you  
downplay the drama.  
Moving through the city fully drapped down in armor.  
My mind is protected  
So my heart won't get connected to the lies you tell  
using deceit and  
Betrayal.
