Well you gave me words of wisdom on that starry
summer night,
When you said you had another, when you said he held
you tight.
But I didn't let you know it, cause I know it wasn't right,
But I think I'm going crazy, cause I'm looking for a
fight.
Yes, I know you had some problems with your troubles
and ideals,
But I never had the chance to show you just the way I
feel,
But a life without a heart and soul it surely can't be real
And I'm facing slaughter now and then, it's not the best
of deals
And I'm falling for you,
Yes! I'm falling for you,
I don't care about the others who say that life's a
dream,
I'm just a man who understands the way the story
ends,
Guess I'm falling for you,
Whatever you may do,
It's not the best of friends in need,
It's love for life it's not just greed
And I - the one who's got it wrong
And you - the one that sounds so strong.
Well I never had a problem in my life before today
And the more I seem to check it out, the less I got to
say.
I'm the one who's in the middle without his piece of
mind,
I just can't seem to work it out and leave it all behind.
And then I'm falling for you,
Yes! I'm falling for you,
Well I don't care about the others who say that life's a
dream,
I'm just a man who understands the way the story ends.
Yes! I'm falling for you,
Whatever you may do,
It's not the best of friends in need,
It's love for life it's not just greed
Am I the one who's got it wrong?

Are you the one who sounds so strong?
