For A Few Dollars More
Rich Girl, she buys her dreams
It's a rich world behind the scenes
Green eyes, they tell it all
The more she takes, the harder they fall

Now, she ain't easy, she ain't tough
She's had it good, but then she's had it rough
And I guess that it don't come to much
All that she's got, she ain't got enough

So she'll cry just a little for a few dollars more
She'll lie just a little as she's done it before
She'll take it she'll fake it for a few dollars more
She'll show you her heart, then she'll show you the door
You know she'll lie just a little for a few dollars more
Even fly just a little as she's done it before
She'll take it, she'll fake it for a few dollars more
She'll show you her heart, then she'll show you the door

Strange things can happen to you
She's got so much, got nothing to do
Ooohh, but what do you know, that he get there when
there's nowhere to go

So you wonder, just what she'll do
She's never know love
And she's never know you
And it's too bad, those sad green eyes
They're so full of questions and so full of life
And so...

So she'll cry just a little for a few dollars more
She'll lie just a little as she's done it before
She'll take it she'll fake it for a few dollars more
She'll show you her heart, then she'll show you the door
You know she'll lie just a little for a few dollars more
Even fly just a little as she's done it before

She'll take it, She'll fake it for a few dollars more
She'll show you her heart, then she'll show you the door
