When I was young I had a dream
But dreams can be cold
If you know what I mean
It was such a magical mystery to me
Then you came along
So wild and so free

In the heat of the night
You wrapped your arms around me
And held me so tight
In the heat of the night
It never felt so good, it never felt so right
In the heat of the night

No you won't let me go
One look in your eyes I can't say no
It all seemed a magical mystery to me
Then this new love was born
So wild and so free

Repeat

In the heat of the night

It was such a magical mystery to me
Till you came along
So wild and so free

Repeat

In the heat of the night...
