Last year you gave me  
Such a wonderful gift  
All the loving in your heart  
Was wrapped up in a kiss  
It all seemed like wonderland  
Season went so fast  
Now it's all just memories  
Like the ghost of Christmas past  
So it won't be Christmas  
Now you're not here  
It won't be Christmas this year  
Snow is falling and I can hear the children sing  
It's gonna feel like Christmas this year  
Last year you told me  
That I was your king  
Could've swore the choir sang  
And bells began to ring  
Felt just like a fairytale  
There was magic in the air  
Christmas just won't be the same  
Nothing can compare  
So it won't be Christmas...  
So it won't be Christmas  
Snow is falling  
I can hear the children sing  
So it won't be Christmas...  
So it won't be Christmas...
