Here she comes
that little town flirt.
You're falling for her
and you're gonna get hurt.
Here she comes with that look in her eye.
She plays around with ev'ry guy that goes by.

Well
I know it's so hard to resist
The temptation of her tender red lips

But you can get hurt
hurt
yeah
you can get a hurt
Fooling around with that little town flirt

Fooling around with that little town flirt.

Here she comes just a look at that style

She's looking at you giving you that smile.

But I know she's gonna treat you wrong

So your heart just a better be strong

'Cause you can get hurt
hurt

yeah
you can get a hurt

Fooling around with that little town flirt.

I know how you feel; you think her love is real

You think this time you've got a paper heart

When she starts to tear it apart -
That's when she'll let you go.

Here she comes that little town flirt
You're falling for her
and you're gonna get hurt.
Yeah
I know it's so hard to resist
The temptation of her tender red lips

But you can get hurt
hurt
yeah
you can get a hurt

Fooling around with that little town flirt

Fooling around with that little town flirt

Fooling around with that little town flirt.
