"Nothing Without You"

Visit "[Nothing Without You](#)" on MotoLyrics.com

I have no sun, no moon, no stars, no clouds
No day or night, nothing is right
If I don't have you

I have no hills, no mountains, no valleys, no plains
No plateaus, nothing goes
If I don't have you

There is no reason any season of the year
To live without the one I love
And cherish so dear
And no amount of anything
Can replace the joy you bring
I have nothing, if I don't have you

There is no joy, no peace, no love for me
No one to care unconditionally
If I don't have you

There's no west, no east
No understanding, no peace
No one that makes my very heartbeat
If I don't have you

I have no life, no death, no air to breathe
Not even a single thing to be
If I don't have you

You gave me everything I'd ever need
You are the true definement of my destiny

Every since you've been a part of my life
My whole world has changed
You see, there's nothing undone
There are no battles unwon
No burdens that we cannot overcome

You are the beginning, you will surely be the last
My whole world starts and ends with you

You are the Alpha, you are the Omega

There is nothing that can take your place

When I think about all you've done for me
How you came and made my life complete
If it had not been for the Lord on my side
Without you Lord I surely would have died

I have nothing
Absolutely positively nothing
I have nothing if I don't have You.
