

## Smokie "Pass It Around"

Visit "[Pass It Around](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Well do you know how it feels  
To be walkin' around  
with your run down heels  
and do you know just how it looks  
to be left outside with your college books  
And the great thing ybout being you  
Is you can do whatever you want to do

So if you turn on to something good  
and by the way you're going  
God knows you should  
If you turn on to something good  
If you turn on to something good  
Pass it around

Well do you know what it's like  
To be locked inside nearly every night  
And do you know how people talk  
when you ain't got a car  
so you walk, walk, walk  
and the great thing about being you  
Is you're free to do what you want to do

So if you turn on to something good...

don't keep it to yourself cos I ain't got  
nothin' else  
Don't keep it to yourself cos I need  
your help

So if you turn on to something good...
