Chorus

Celebrate, for the day of the Lord
Give thanks, for all that he has done
Your struggle, is now finished
The battle is fought and the victory is won

Chorus

Verse 1

I'm a winner I'm no longer in the dark
No more will I walk around in defeat
I will rejoice at all times
For I know that my God is with me

Chorus

Verse 2

I win cause I'm on the Lord's side
And I shout for the victory he provides
There's nothing that can turn me back now
For I know that my God is with me

Chorus

Special

/]

For I wrestle not with weapons of this world
But against, principalities
For God has overcome and delivered me
Victory
