[Chorus: Maria]

Where you goin' to?
Things we can't explain
Are you hurting too?
Are you still breathing...

[Verse 1: Danny!]

I just wanted to call
And tell you that I really miss ya
You know that you my sister, sister, sister
It's just not fair to either of us to part ways
We had that argument and hadn't talked in days
I know we said things that we never meant to
Must've been a mix-up, kid stuff, happens to the best of
'em
But I don't want for us to ever wind up like the rest of
THEM
More than my girl, you're like my best friend
Now if you want space, that's what I can give ya
Seen the bigger picture...picture? Pictured us as long-
term
But if we can get along with time off, fine
Long as we keep this thing goin'
Just let me know and we can work it out
Get the situation fixed up, quick but not a moment too
soon
Nothing good ever happens overnight
But I just had to call to see if you're doin' aight
Aight?

[Chorus]

[Verse 2: Danny!]

Maybe it's your kiss I miss when you're away
Maybe you got your own interpretations
I know you miss my lame Akon impersonations
That I'd do to make you laugh
Who could make you laugh like I?
I had to find somewhere to stash my pride so
I can tell you how I really feel inside
I need to know if you're okay and if you're still alive

Now I'ma be real, everybody and they mama know
Even you know, I know that I need you
And you need me
My better half, I'm gassed 'cause you complete me
So let me know and we can work it out
When you get this message call me, text me
I'll be right here baby
Peace

[Chorus]
