YOU'RE MINE

you're mine
you're mine
just resign yourself to it
you're mine
i'm gonna tell everybody i meet
put the word out on the street
make sure there's no mistaken
i declare you officially taken
you're mine
you're mine
just resign yourself to it
you're mine
i'm gonna go to the places you go
gonna invite you to my show
i'm gonna do what i have to do
whatever it takes to get it through to you
you're mine
you're mine
just resign yourself to it
you're mine
i'm gonna drop all pretense
i'm gonna call up all of your friends
they keep telling me that i should go slow
but i know something they don't know
you're mine
you're mine
just resign yourself to it
you're mine
i'm gonna call you on the phone
i'm gonna make my presence known
i'm gonna show up uninvited
you see, baby, i've decided
you're mine
you're mine
just resign yourself to it
you're mine
