Bother, I don't bother

Days just wave goodbye as they ride in tonight

And then they're gone, gone, gone...

Sorry, I'm not sorry

Sorry, I'm not sorry

Yesterday goodbye

I've got no tears left to cry cause they're all gone,  
gone, gone...

For the first time in a lifetime

I can keep my eyes closed all day long, yeah

Happy, I'm so happy

Happy, I'm so happy

So happy now that I'm gone, gone, gone...
