No more smiles  
It's just teardrops falling to the ground  
No one's around  
And I don't love you anymore

And I'm sore about it  
When did my heart change its mind?  
It must have been  
During the changing of times

No more smiles from now on  
They are all gone  
I'll never understand what went wrong

No more smiles from now on  
They are all gone  
I'll never understand what went wrong

No more lies  
Now the hard part's over so they say  
There's no way that I could  
Take another day

Let's not talk about it  
When did my love for you die?  
Kiss me once and it's time  
To say goodbye

No more smiles from now on  
They are all gone  
I'll never understand what went wrong

No more smiles from now on  
They are all gone  
I'll never understand what went wrong

No more smiles from now on  
They are all gone  
I'll never understand what went wrong

No more smiles from now on  
They are all gone

I'll never understand what went wrong
