With all the simple times behind me  
I can fail without regret  
If I have to try then I will never be able to forget  
Bottoms down and out of reasons to hang around

And when the sun is over Hong Kong  
I can tell you where she'll be  
Floating in a soft and lonely melody, directly over me  
Chocolate eyes at one time melting in mine but not  
tonight

She'll say, "I love you Paul"  
"I love you Paul"  
"I love you Paul"  
Hey hey, hey hey

And now everything is riding on a bet that I can't win  
If she's not the answer  
I've been looking for I'll never ask again  
Some say that the answer comes from within  
meanwhile

She'll say, "I love you Paul"  
"I love you Paul"  
"I love you Paul"  
Hey hey, hey hey

Can you tell me where to find me?  
Have you seen me hanging around?  
I'm looking for myself each night till sunrise  
The only thing I've found  
Broken dreams and a heart that's stuck to the ground  
And with a smile

She'll say, "I love you Paul"  
"I love you Paul"  
"I love you Paul"  
Hey hey, hey hey

She'll say, "I love you Paul"  
"I love you Paul"  
"I love you Paul"

Hey hey, hey hey
