

Smoking Popes "Run Away"

Visit "[Run Away](#)" on MotoLyrics.com

Don't take the hand of the man with the platform shoes
Don't take a ride from the guy with the dancing tattoos
Don't close your eyes when he whispers in your ear
All of the words that you long to hear

[Chorus]

You've gotta run away

Deep in the cracks of the pavement they sleep all day
Someday the rain's gonna wash 'em all away
Don't ever think you've got no place else to go

Don't ever think that the world stops at your window

[Chorus]

Don't take the hand of the man with the platform shoes
Don't take a ride from the guy with the dancing tattoos
Don't ever think that you've got no place to go
Don't ever think that the world stops at your window

[Chorus]
