(Threat)

What they screamin' when they shout?  
Who they fiendin' fo' - Zoo rock the house fo' sure  
We boom you need some elbow room, that's right  
Cause I be chokin' the mic, place me under arrest  
I'm on the hit list baby cause I'm one of the best  
We on a quest all across the coast to get fresh, yeah,  
yeah  
Nigga fly like the air, been up in the game and you can  
keep the change  
Tried to smash all the beef, turn the leaf over  
Cheap Rock-Rolla, can't be seen, bring your football  
team  
Bump your Queen plus we want the chips  
Spank the white man on his ass with the whip  
The world is fillin' us, killin' us softly, Adolf Khadafi  
Still real gangsters don't tell what they do, they just do  
what they got to
