So just because I use salty phrases and I go through
stages,
Where i neglect endeavor does this mean I'm not
clever?
No, i dont think so

Just because my newspaper pages,
Haven't been the times in ages,
Does this meen that I dont no as much as you?
Jealousy will destroy us or so she used to say,
You'd kill for half the things we do including yesterday

But i suppose you know because your went to school
with me,
You sit in your garage and you'd see,
All the things we do don't you, no you didn't and no you
don't,
No you didn't and no you don't, no you don't

Do you remember us lot doing keys,
In the back of the garage at 243?
That was us and no one else,
Lend luke a jumper off the shelf,
Do you remeber us lot doing keys,
In the back of the garage where no one sees,
That was us, no one else another jager off the shelf

So i suppose you know because your went to school
with me,
Sit in your garage and you'd see,
All the things we do don't you, no you didn't and no you
don't
No you didn't and no you don't, no you don't

Always be people lookin down there noses,
I dont care im comin up smelling of roses

So i suppose you know because your went to school
with me,
Sit in your garage and you'd see,
All the things we do don't you, no you didn't and no you

don't

No you didn't and no you don't, no you don't.
