"That Kiss"

The way that you looked at him
And then you looked at me
You must have been proper blind
Proper blind not to see
That I was just a stop gap sitting somewhere in
between, his hand in his lap
Let me tell you that i wasn't born yesterday my dear

That kiss it lasted too long
And we probably shouldn't have danced to that song
It was nothing
It was everything
It's really such a shame
It's so hard to explain to you

He's back in town tonight
He's expecting you round at quarter to nine
But you won't be there
Cos he bores the proverbials off you
If he only knew what you thought
The lust, the lack of trust, the temptation you fought
He is worthless, the maxims he flouts at me
He's just a passing fashion and he's on his way out

That kiss it lasted too long
And we probably shouldn't have danced to that song
It was nothing
It was everything
It's really such a shame
It's so hard to explain to you

La la la la, la la la la
La la la la, la la la

I know that I shouldn't but I enjoyed it
I know that I shouldn't but I enjoyed it
I know that I shouldn't but I enjoyed it

I know that I shouldn't but I enjoyed it
I know that I shouldn't but I enjoyed it
I know that I shouldn't but I enjoyed it

That kiss it lasted too long
And we probably shouldn't have danced to that song
It was nothing
It was everything
It's really such a shame
It's so hard to explain to you

La la la la, la la la

That kiss, that girl, that place that you go where is she
now?
You don't even know...
