Fallen angel's dominion
Fires -- the black horizons are burning
The sky is red, heaven's bleeding
A choir of souls, their screams are a morbid anthem
Towards the night skies their prayers are rising
But there's no god, that will grant redemption

Fallen angel's dominion
Hellish flames devour the souls

Demonic forces, profane creations,
Godless armies, satanic minions
Walking through the flames of eternal pain,
All hope is lost, there's no salvation

Pestilence, suffering till infinity ends
Satan's hunger engulfs all souls of false believe
All you pathetic pharisees, you are damned to rot
Self righteous hypocrites, bow down to the infernal lord

Fallen angel's dominion
A funeral for mankind, there's no escape,
Azazel's black wings carry you away
Fallen angel's dominion
Oceans of blood, waves of perdition
Storms of execration, bane of the cursed
