Storms are coming
Rain is pouring
Clouds are rolling
Hanging over me
Does like I don't know anything

I'm a loser in a losing game
Trampled over same old movie scene
Why's it always happening to me?

I'm patching up my heart again
Every time it explodes
Don't tell me that I've gone insane, I know

Cause every single day is like whoa
Wondering if you'd ever come back to me
So what? we did everything wrong
You know that it was really
Love actually
Can I get some sympathy whoa
Cause losing you is making a mess of me
So what if you ended up gone?
You know that it was really
Love actually
Love actually

I'm being hunted
Running from it
Loves a bullet pierced it into me
But I'm never giving in
Like a lover
I just take the pain
Should be screaming
Can you hear your name?
Is anybody listening?

Cause every single day is like whoa
Wondering if you'd ever come back to me
So what? we did everything wrong
You know that it was really
Love actually

Can I get some sympathy whoa
Cause losing you is making a mess of me
So what if you ended up gone?
You know that it was really
Love actually
Love actually
Love
Love actually
Love
Love actually

I'm patching up my heart again
Every time it explodes
And even though you try to save me
All I know is this
Oh, I got too much love to give

Cause every single day is like whoa
Wondering if you'd ever come back to me
So what? we did everything wrong
You know that it was really
Love actually (you know that it was love actually)
Whoa
Cause losing you is making a mess of me (So what?)
So what if you ended up gone? (Ended up gone)
You know that it was really
Love actually (You know that it was love actually)
Love actually
Love
Love actually
Love
Love actually
