Please refrain-
Cause I can't take your
Your constructive criticism anymore
What the hell have you been building anyways?
Tween you and me?
Just a barricade,
I gotta say

I can do so much better than this
I know I know
I took the easy road again
And as for sellin' myself short
I have become notorious
Oh I know how it goes
This is the part where I realize that I'm alone

You always told me to be mature
Well I just don't know myself anymore
What's the point of bein grown up anyways?
So I can be like you?
And give it all away?
I got to say

[CHORUS]

And everybody wants to fall in love
In cinematic fashion
I don't, I don't
And everybody wants to fall in love
In cinematic fashion
I don't, I don't
