#### Verse 1:

If I saw you standing there, I'd make sure to be right by  
your side.

All those times you've said to me that it's gonna be just  
fine.

Everytime I look and you're not there I just wanna break  
down and cry.

All alone without you, there's no more wastin' time.

#### Pre-Chorus:

So take my hand.

Take my heart.

(You'll always know that it will show)

#### Chorus:

The way I feel about you.

The way I feel about you.

#### Verse 2:

If every moment could be spent with you then  
everytime I look in your eyes

I could say just how I feel and then you'd realize

Never asking you for anything or telling you what's on  
my mind

Now I ask from you "won't you please be mine?"

#### Pre-Chorus:

So take my hand.

Take my heart.

(You'll always know that it will show)

So take my words.

Take my love.

(You'll always know that it will show)

#### Chorus:

The way I feel about you.

The way I feel about you.

The way I feel about you.

The way I feel about you.

The way I feel about you.

Way I feel about you.
