"Exit Plan"

I'm looking for an exit from the land of the lost
Some will break out, some will get tossed
The owner's desire is to garnish my soul
I owe them my life for the stuff that I stole
Exit Plan - It's a terminal nightmare
Exit Plan - I have not a doubt
Exit Plan - If you want to survive
Exit Plan - You've gotta find a way out
Exit Plan - I need an escape
Exit Plan - I'm stuck in a maze
Exit Plan - I've got an ominous feeling
Exit Plan - I'm approaching the last of my days
Many are caught up in the latest craze
They stand and they stare with a terminal gaze
I can't stop to look though the vistas are stunning
I wanna get out so I gotta keep running
Scouring the floor plan looking for a hole
The big meat grinder is on a roll
Must break out, nowhere to hide
I bought a ticket on a one way ride
Exit Plan - It's a terminal nightmare
Exit Plan - I have not a doubt
Exit Plan - If you plan to survive
Exit Plan - You've gotta find a way out
