Pushing up daisies
Face down in the dirt
Ashes to ashes
Condemned to the earth
They talk about life after death
A better place than this
I won't know until I go
But you are surely missed

Didn't get to say goodbye
Not even a "see ya later"
Sometimes I feel you nearby
And know we'll meet up later
You never know
When it's your time to go
The rules should be shattered
You gotta live life like it matters
