I want you to step back

Life, Don't disturb my life

I feel down all the time
I'm not your puppet you can play
Do I deserve to be treated like this
I'm not your fucking slave

Life, Don't disturb my life

Stop bothering me you're so dramatic
You ripped me with no mercy
Do I deserve this shit
I'm not your fucking slave

Enough is enough I want my freedom

You're killing me killing me slowly

Don't disturb my life
Just leave me alone
Stop being a fucking jerk
You deserve to die

Life, Don't disturb my life
