[VERSE 1]

Break Out. I need to break out.
Don't you feel it too?
I would if I was you.
I've got one life. (I've got one life)
Tonight I'm gonna get it right. (I'm gonna get it right)
The writings on the wall.
I'm gonna have a ball.

[CHORUS]

I wanna live it up.
I need to let it out.
Until the walls come tumbling down.
Until the walls come tumbling down.
So DJ turn it up.
Lets blow the speakers up.
Until the walls come tumbling down.
Until the walls come tumbling down.

[VERSE 2]

Overload. Feels like I'm gonna explode.
There's something bout the sound
Lets bring it back around.
It's gonna be my holiday
Tonight is everyone's birthday
Lets blow the candles out
We're gonna scream and shout
We'll be jumping up and down
Until our bodys give out

[CHORUS]

I wanna live it up.
I need to let it out.
Until the walls come tumbling down.
Until the walls come tumbling down.
So DJ turn it up.
Lets blow the speakers up.
Until the walls come tumbling down.
Until the walls come tumbling down.

Let the roof cave in. [9x]

[CHORUS]

I wanna live it up.

I need to let it out.

Until the walls come tumbling down.

Until the walls come tumbling down.

So DJ turn it up.

Lets blow the speakers up.

Until the walls come tumbling down.

Until the walls come tumbling down.

Let the roof cave in. [9x]
