(Chorus)

Time and time  
Trying to get it right  
But it seems like every time I try  
I can't succeed, something in me is letting go

Thank you for another chance  
Giving me another chance  
You took me in once again  
Gave me another chance, after chance, another chance

(V1)

Sometimes I wanna give up  
Sometimes I wanna just throw my hands up and forget it  
Just quit, but I know I won't get it  
If throw in the towel now, there's no coming out

I know I let you down lord  
And I let me down too  
Said I would change my ways  
But I never came through

But this time it's all or nothing  
And I'm not turning back again.  
I just need one more chance  
(CHORUS)

V2

I see everyone looking down on me  
And I know exactly what they see.  
They see someone who keeps messing up  
Who keeps running away, from the mistakes I made

But this time, I've made up my mind  
I'm really ready for a change in my life  
You deserve so much more from me,  
And I want to be who you've destined me to be

(Chorus)

(Bridge)

One more chance would change everything  
Who am I am is not who I wanna be  
Iâ€™ll do better Iâ€™ll get myself together  
I'll love more Iâ€™ll give more, let me show you lord  
All I need is one more chance

(Chorus)

Time and time  
Trying to get it right  
But it seems like every time I try  
I can't succeed, something in me is letting go

Thank you for another chance  
Giving me another chance  
You took me in once again

Gave me another chance, another chance, another  
chance
