"Keep Waiting"

Visit "[Keep Waiting](#)" on MotoLyrics.com

By the river fall, time is [...]
It seems impossible to find your love
Unforgettable like your halo
Standing in the ground, I need you now

And I keep waiting, waiting
But I can't wait for ever more
The night is fading, fading
And I can't fight it anymore

Walking in the dark, comprehending
That you're thousand miles from my heart
Unbelievable like an angel,
Falling to the ground I need your love

And I keep waiting, waiting
But I can't wait for ever more
The night is fading, fading
And I can't fight it anymore
