Find myself going back to where this all began  
Thinking how did we get here, to the night that we met  
here.

And it seems so long ago.

Well suddenly the ice had broken, we had spoken.

Everythings going to be fine. Well they say that love is  
blind. Yeah.

Time, time, time, and again I'll try, try, try.  
To resist your touch, but never enough, no.  
Woah-oh, Woah-oh, girl give it to me.

Time, time, time, and again I'll try, try, try.  
To resist your touch, but never enough, no.  
Woah-oh, Woah-oh, girl give it to me.

You could cut the tension with a knife, until she bites.  
As we lock eyes, I'll follow you into the place I lost my  
mind.

Once your clothes hit the floor, shut the door, more,  
She goes to speak yeah, but I don't wanna talk  
anymore.

She's undressed to impressed, yes,  
Watch the beads sweat down my chest, feel my breath  
on her neck.

Time, time, time, and again I'll try, try, try.  
To resist your touch, but never enough, no.  
Woah-oh, Woah-oh, girl give it to me.

Time, time, time, and again I'll try, try, try.  
To resist your touch, but never enough, no.  
Woah-oh, Woah-oh, girl give it to me.

Girl, oh, I won't be here tomorrow.  
No, no, no, no, no.  
Girl, you're making this personal.  
This was never my intention, girl.

So come on girl I wanna see you.  
So come on girl I wanna see you.

So come on girl I wanna see you.  
So come on girl I wanna see you move.

Time, time, time, and again I'll try, try, try.  
To resist your touch, but never enough, no.  
Woah-oh, Woah-oh, girl give it to me.

Time, time, time, and again I'll try, try, try.  
To resist your touch, but never enough, no.  
Woah-oh, Woah-oh, girl give it to me.  
Woah-oh, Woah-oh, girl give it to me.  
Woah-oh, Woah-oh, girl give it to me.  
Woah-oh, Woah-oh, girl give it to me.
