(Slash/Matt Sorum/Eric Dover)

Lower than the bottom
Swallowed by the ride
Floating in the bathtub
Children play outside

So tell me hw to do it
How to do what I'm gonna do
How to take the kife
From inside of you
Baby, now you're lower too

You looked so unhappy
Squatting in some stall
And it gets even better
When all the lights are off

So tell me how to do it
How to do what I'm gonna do
How to keep the life inside of you
Baby, now you're lower too

What were you really thinking
What did you need
Cause all those wounds forever bleed
Drink me
It's a nightmare
It's the needle in your veins

So tell me how to do it
How to do what I'm gonna do
How to keep the knife
From inside of you
Baby, now you're lower too

So tell me how to do it
How to do what I'm gonna do
How to keep the life inside of you
Baby, now you're lower too

Burning every memory

It's gonna eat your insides out and
throw it out on me
Struggling, heaven help you
Staring down the barrel
of you own gun
And now you're lower too
