(Slash/Eric Dover/Matt Sorum)

You and I  
Have been playing this game  
For so damn long  
And I don't know why  
These cards are too old  
So I'm gonna fold  
Bye Bye  
Bye Bye  
Bye Bye

Party's over and all our friends  
are gone  
Was it something I said, did we have  
too much fun  
Guess you missed it, look around  
It  
bringing everyone down

It's never you who's to blame  
For setting the stage  
You want it your way

C'mon, C'mon, C'mon,  
Why don't you take it away  
Take it away,  
Come on, take it away  
Take it away  
Take it away  
Take it away  
Why don't you take it away  
Take it away

Bad rumors goin' round  
Nothing said from my mouth  
Why would you think  
It's you  
It's hitting too close to home now

Is it me or you  
Who carries the weight

To deal with your pain  
And don't you hate it too  
It smothers and drains all the same

C'mon, Take it away  
Take it away  
Why don't you take it away  
Take it away  
Why don't you take it away  
Take it away  
C'mon, Take it away  
Take it away  
Take it away

Chorus

You and I  
Have been doin' the time  
For all of your crimes  
And I don't know why  
It don't make sense  
It seems such a waste of time  
Bye Bye  
Bye Bye  
Bye Bye

Chorus
