(Slash/Eric Dover)

Now you've slipped away  
And found a place to stay  
Who do I congratulate  
But i'm happy for you  
Where are you today  
I sense that you're afraid  
And I don't know what to do

I miss you, but what does it change  
This confusion feels the same  
Forget you and let you leave  
But I'm still thinkin' it through  
It's been the conflit between us  
That's kept me from sinking before  
You drove me crazy and I let you  
Come do it some more  
Put the past to bed,  
we've done it before

Now we're back and forth again  
Can we help this pointless thing  
Swingin' like a hinge  
To the place we always meet

There's nothing to say  
Except loneliness is strange  
Cause you wear the face  
That I never dan leave  
And i kow you're gonna call  
Cause you know just where I'll be  
Once you come and find me here  
I'll be happy for me  
So happy to be  
Not alone anymore  
We've done it before

Now we're back and forth again  
Can we help this pointless thing  
And swingin' like a hinge

To the place we always meet

It's such a shame how little things  
Can change your minds  
Don't just sit there filing your nails  
And passing the time  
I can't let you bottle it up  
And take it too far  
Carryin' all of that weight  
Is the hardest part

Now we've back and forth again  
Can we help this pointless thing  
And swingin' like a hinge  
To the place we always meet  
Back and forth again  
Back and forth again  
Back and forth again  
Back and forth again
