(Gilby Clarke/Eric Dover/Slash)  
Ain't it scary deep inside  
Aren't you naked with no pride  
Let me turn you on  
Oh, I can feed you lies  
Let me turn you on  
It's no longer a game  
And under your skin  
I am ready to dive in  
Parasites on television screens  
Hide in the cracks and  
Underneath the seams  
Dime store rock  
Has warped your mind  
Melting faces, deep set eyes  
Let me turn you on  
Hey baby what's your sign ?  
Let me turn you on  
Goes along with the territory  
She wants to fuck you tonight  
Please, smelling like a wino  
On her knees  
Please, selling you her  
Gothic rocket dreams  
She's gonna burn you out  
To make it seem  
Like nobody wants anything from you  
Cause you're a has-been on TV  
It's no longer a game  
And under you skin  
I'm ready to dive  
In  
Let me turn you on  
Turn you, turn you on  
Yeah
