(Slash/Gilby Clarke/Eric Dover)

You told me you're an orphan  
the same old standard line  
Then when we moved in together  
All you did was moan and cry  
Talkin' like you'd make it  
On life's big movie screen  
I had to say I loved you  
Just to try and keep the peace

Hustler  
What are you doin' with your time  
I'm slow to catch on  
But I think you wasted mine

You're running low tonight  
Jack up and get it right  
You know you're going down  
Ain't it good to be alive

I couldn't make excuses about  
everything you said  
You wanna show your bruises  
Let's throw a party for the band  
Now here they come a dancin'  
Like the powder to your nose  
Why don't you cut your head off  
Spite your face let's do the show

Hustler  
What are you doin' with your time  
I'm slow catchin' on  
But I think you wasted mine  
Hustler

You're running low tonight  
The station's right close by  
Pack up your car and drive  
Ain't it good to be alive

Tearing of the membrane  
Of the first new thing in years  
Found a nagging consolation  
In a glass of Everclear  
And the ugly truth has raped you  
They're saying you're a lousy lay  
But isn't everything that way

Ain't it good to be alive  
So good to be alive
