Know that I could always trust you if I want to
But I'm your only fan
Find it hard to be a very caring person
I know you'd understand
I try my best to make this into something
Glove don't fit the hand
Glove don't fit the hand

Oh well, oh well
Oh well, oh well
Oh well

See you struggle for a brilliant conversation
So what you gonna say?
And if you really, really think you want to
I guess I wouldn't mind
I know it's hard to say the things you must be thinking
But I could hold your hand
Yeah I can hold your hand

Oh well, oh well
Oh well, oh well
Oh well, oh well
Oh well, oh well

I find it hard to be a very caring person
I know you'd understand
I know it's hard to say the things you must be thinking
But I could hold your hand
Yes I can hold your hand

Oh well, oh well
Oh well, oh well
Oh well, oh well
Oh well, oh well
