This is the coolest party  
That I've been to  
Shake your hand and kiss your ass won't  
Join the other fools

Another night, another life  
I can't take this anymore  
Another life, another night  
Drunk and passed out on the floor

Hey, punk, in a years time we will see  
Hey, punk, another rock star wannabe

I smell the arrogance  
From across the room  
Pasty skin and heroin  
Our host will be here soon

Another night, another life  
I can't take this anymore  
Another life, another night  
Drunk and passed out on the floor

You're no one, 'til someone  
No one, 'til somebody hates you

Hey, chump, how charmed can one life be?  
Hey, chump, you're better off don't fuck with me

It's no coincidence, bitch  
I thought you knew  
Go back to your rock punk  
And suffer with your fools

Another night, another life  
I can't take this anymore  
Another life, another night  
Drunk and passed out on the floor

You're no one, 'til someone  
No one, 'til somebody hates you
