In my dreams, I can see us in a tight embrace
Doin' all the things that we never really did
I think I'm in love with you

Must we go run through our lives with our eyes closed
To the loving happiness that we can share
I think I'm in love with you and your friend

Honest I do, I can't see
You and me and her without each other
And I hope you feel the same way too

I spend all my time on the telephone line
Tryin' to say it just right this time
Something that could change your mind

I know this is love and the feeling fair
Whisper somethin' so sincere
Exactly what you want to hear

Now you know the things that I say when I'm swimming
Through the flood of all my desire can be so unclear
But I know I'm in love with you

In my dreams I still see us in a tight embrace
In spite of all the things people say when they stare
That's how I know I'm in love with you and your friend

Honest I do, I can't see
You and me and her without each other
And I hope you feel the same way too
I think I'm in love with you

In spend all my time on the telephone line
Tryin' to say it just right this time
Something that could change your mind

I know this is love and the feeling fair
I whisper something so sincere
Exactly what you want to hear

Honest I do, I can't see

You and me and her without each other
And I hope you feel the same way too
I think I'm in love with you

I hope you feel the same way too
I think I'm in love with you
I hope you feel the same way too
I hope you can feel the same way too

You and me and
You and me and
You and me and
You and me and her
