Rhythm is a dancer
It's a soul's companion
You can feel it everywhere

Lift your hands and voices
Free your mind and join us
You can feel it in the air

Ooh, it's a passion
Ooh, you can feel it in the air
Ooh, it's a passion
Ooh, ooh, ooh, oh

Rhythm is a dancer
It's a soul's companion
You can feel it everywhere

Lift your hands and voices
Free your mind and join us
You can feel it in the air

A far away light in the futuristic place we might be
It's a tiny world, just big enough
To support the kingdom of one knowledgeable
Throw away the loneliness and head back down
I'm going too fast, I'm going too fast

Rhythm is a dancer
It's a soul's companion
You can feel it everywhere

Lift your hands and voices
Free your mind and join us
You can feel it in the air

I plunge right on through the office door
And into the arms of the bottomless negro of love
Suddenly I can't remember
How to stop or turn around

Do I have to get behind myself?
Do I have to turn around before I can point?

I flip 'til I can breathe

Rhythm is a dancer
It's a soul's companion
You can feel it everywhere

Lift your hands and voices
Free your mind and join us
You can feel it in the air
