No tickets to this show, baby
Just one to a room
Are you up for a blood transfusion?
Commit and go

Who shot the shot to break the blood clot.
Who shot the shot to break the blood clot.
Who shot the shot to break the blood clot.

Will you die, you can die
Die, maybe and test your resolve
Slaves are saved through converted vessels
Of the most sacred blood

Who shot the shot to break the blood clot.
Who shot the shot to break the blood clot.
Who shot the shot to break the blood clot.

Who SHOT?

Who shot the shot to break the blood clot.
Who shot the shot to break the blood clot.

John the Baptist's head was taken
For his faith was strong
Can you defend the didactic army
Without breaking down?
Without breaking down?

Can you transfuse?
Can you transfuse?
Can you transfuse?

Who shot the shot to break the blood clot.
Who shot the shot to break the blood clot.
Who shot the shot to break the blood clot.
Who shot the shot to break the blood clot.
