Suspect device has informed us of discrepancies  
Limiting potentials  
Synthetic lives enforced by genetic clones  
Technology complicates simplicity

Illuminate a realized  
Illuminate a realized potential  
Terminate idealized, idealized hype that keeps us  
down  
Down are the hearts  
Down are the minds  
Down is the state of the state we are in now  
Now it's the end  
Now it's in sight  
Now is the start of a future domain  
future domain  
Let's start the end

Faithless commanders lead the faithful to didactic  
thoughts  
Defining what's civilized  
Indigenous lands are stolen by the takers  
History repeats itself

Illuminate a realized  
Illuminate a realized potential  
Terminate idealized, idealized hype that keeps us  
down  
Down are the hearts  
Down are the minds  
Down is the state of the state we are in now  
Now it's the end  
Now it's in sight  
Now is the start of a future domain  
Future domain  
Let's start the end

Future domain  
Let's start the end

Down, Down are the hearts

Down are the minds  
Down is the state of the state we are in now  
Now it's the end  
Now it's in sight

Let's start the end  
Let's start the end  
Let's start the end NOW!!!
