Your fruit was sweet But your poison deadly
Your sorcery complete But it's over now
And I'm cold and trembling, and your venom's still in
me

I know the antidote But I'm afraid to take it

'Cause the only cure Is another poison
Burning you from my veins
Killing me 'til it feels right Saving my life again

I try to forget But my mind betrays me
You're haunting all my dreams
But one woma's touch Will erase my memory
And give me what I need

I know the antidote But I'm afraid to take it

'Cause the only cure Is another poison
Burning you from my veins
Killing me 'til it feels right Saving my life again

When this cycle ends
That final poison
Will be the death of me

'Cause the only cure Is another poison
Burning you from my veins
Killing me 'til it feels right Saving my life again
